

SoftCare Evo gantry car washes

“How can I offer my customers a unique car wash experience whilst being profitable at the same time?”

Discover the individual SoftCare Evo gantry car wash systems.

“Who offers the solutions my customers expect from me?”

WashTec provides the answers for your business.

The car wash business has high demands, and no one knows this as well as WashTec. As the inventors of the gantry car wash, we revolutionised the car wash market – and have since led the way for more than 50 years, providing highly efficient washing technology, optimised chemicals and comprehensive services for your business.

Our approach is simple:

In everything we do, we not only focus on achieving the perfect result, we make the people we serve our top priority. Everyone expects to have a clean car after a wash. Results are important, but so is how we get there:

We understand your needs.

We listen carefully to what your customers say they want – and to your requirements as a business.

We meet – and exceed – expectations.

Our solutions are consistently geared towards your wishes and expectations, and they more than meet these.

We support your business.

We provide a car wash experience and finish that impresses your customers and earns their loyalty, giving you repeat business.

We improve your cost-efficiency.

We offer robust, low-maintenance, durable technology and extremely efficient washing chemicals – for maximum profit at minimal cost.

SoftCare Evo: Advantages for you and your customers.

- Individual car wash system for particular customer requests
- Profitable washing business thanks to modern, low-maintenance technology
- A range of additional options for more than satisfied customers

“How can I get even more profit from my car wash business?”

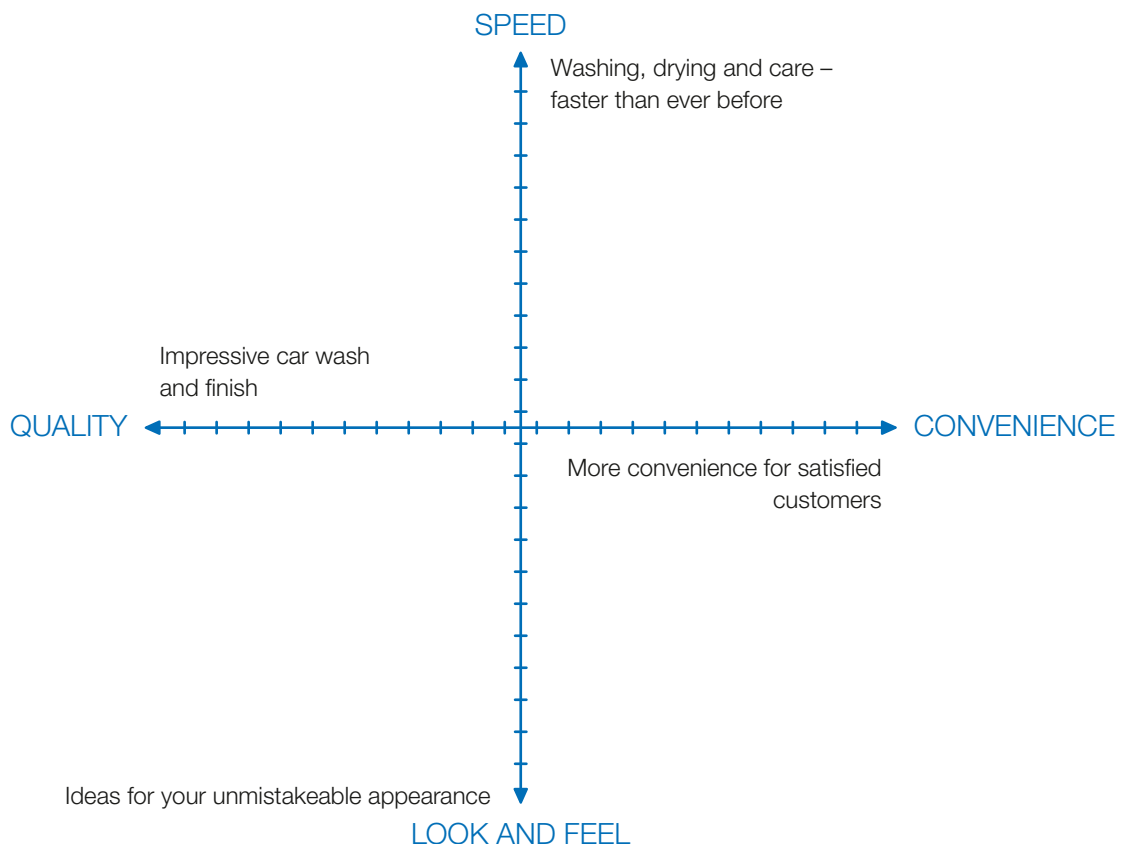

4DIMENSIONS for a successful car wash business.

A gantry car wash that provides a thorough clean in less than seven minutes – and is also easy to use and impresses customers with a fantastic car wash experience? Is there such a thing?

Indeed, there is, because we invented it: The SoftCare Evo. Like no other system, the SoftCare Evo meets the high requirements you and your customers have in terms of washing quality and speed, ease of use and design. Four parameters that we at WashTec call the **4DIMENSIONS** of the modern car wash.

The SoftCare Evo gantry car wash combines all of these dimensions in one incredible car wash experience for your customers and for your business as well, because it makes car washing a lucrative endeavour.

With 4DIMENSIONS, discover the new dimensions of car washing and use the SoftCare Evo to guarantee the greatest customer satisfaction and a successful car wash business.

4DIMENSIONS for every requirement.

The 4DIMENSIONS make tailored solutions for every requirement possible. As a business, you decide which parameters are most important for you and we will guarantee you a solution that is optimally suited to your needs and your customers' wishes.

“How can I achieve a higher turnover?”

With a car wash finish that exceeds all expectations.

A car wash isn't always a car wash. The same goes for cleanliness: some differences aren't spotted until you inspect problematic zones such as the rear and the wheel rims, or until the vehicle's paintwork starts to deteriorate in the long term.

The SoftCare Evo not only meets your customers' expectations, it exceeds them with highly efficient washing chemicals and technical features, providing a car wash finish that is sure to impress whilst selling at higher average prices at the same time.

Best performance technology for optimal cleaning.

SofTecs® Pur:

Gentle and safe on paintwork and surfaces.

Developed from our successful SofTecs® material, SofTecs® Pur is especially gentle and safe on paintwork and surfaces. Thanks to a higher rotational speed and longer contact with the vehicle, SofTecs® Pur achieves an even more effective cleaning with improved results. The brushes are available in a variety of colours and colour combinations.

Wheel cleaning for shiny wheel rims.

- Special wheel cleaning brushes clean wheel rims thoroughly
- Optionally available with high pressure

Best performance chemicals for shine and protection.

Targeted application of chemicals:

For optimum results in all areas.

The best chemicals only work properly when their application is targeted. In the SoftCare Evo system, the washing chemicals used always reach exactly where they are needed.

FoamTecs:

The active foam for optimal cleaning performance.

FoamTecs active foam guarantees a gentle main wash no matter the water quality whilst providing optimum cleaning results. Active substances within FoamTecs remove even tough dirt reliably by coating dirt particles so that these are easily washed away.

DryTecs®:

Chemical drying assistance.

DryTecs® innovative composition guarantees a perfect drying result on all varnish and glass surfaces. With DryTecs® the water film disperses easily and quickly, forming single water drops on the hydrophilic surface.

RainTecs®:

The formula for maximal roll-off effect.

Drivers get twice the benefit from RainTecs® care: the roll-off effect on the windscreen means significantly improved visibility in rain, and RainTecs® also protects the car's paintwork from harsh weather and environmental influences.

AUWA chemicals:

The success formula for your car wash business.

Washing chemicals from AUWA are the optimal complement to WashTec systems. As a full subsidiary of WashTec, AUWA has over 40 years of experience in the car wash business. Like no other provider, AUWA knows the needs of businesses and their customers and consistently gears its products and services towards these.

**“More washes in the
same amount of time –
is this possible?”**

Innovative wash solutions create more
throughput and greater revenues.

Time is money, even – and especially – in the car wash business. For one, your customers want to clean their cars quickly and, for another, as a business you know that the quicker the wash, the greater your throughput – and your turnover.

The SoftCare Evo gantry car wash offers effective ways to increase your throughput, e.g. by providing you with a variety of technical features.

The fastest machine in its class.

SoftCare Evo:

The fastest gantry car wash system for your successful car wash business.

- Contour-following high-pressure pre-washes and drying procedures all in a short amount of time
- Increase your revenue with an increased throughput
- Frequency-controlled systems for lifting and pushing movements

- 1 Direction of movement
- 2 Lifting motion roof brush
- 3 Lifting motion dryer

Contour-controlled drying.

The programme's contour memory function accelerates the drying procedure with swivelling nozzles that precisely follow the vehicle's contour allowing for perfect drying results. The result: less time needed for washing and satisfied customers.

“Convenience makes a difference – is this true of my revenue as well?”

Smart solutions for easy operation and payment.

Car wash customers want to have it as simple and comfortable as possible. They don't want to bother with a complicated handling and a complex payment process. Instead, what they want is Convenience with a capital C combined with a high degree of individuality.

With the SoftCare Evo, you can offer your customers convenience in a new dimension. Starting off with a simple handling, an easy payment and the Wash&Pay concept all the way to the Advanced Chemical System, you can show your customers that you take their requests seriously so that they'll enjoy coming back to you.

More convenience for happy customers.

Wash&Pay:

Wash first, pay later.

Drive in, get the car cleaned and pay – with Wash&Pay, getting the car washed is just like refuelling. The customer drives directly into a free gantry and can pay conveniently either during or after the car wash process, saving time and eliminating the need to get out and in unnecessarily.

**Touch operating terminal:
Convenient programme start.**

The extra-convenient operating terminal: your customers can use the touchscreen for quick and easy selection of their car wash, payment and programme start, and can even do so right from the driver's seat if desired. They can use the selection function to choose for themselves whether they would like to get out of the car before the wash or remain inside.

**Advanced Chemical System (ACS):
Convenient, fast and safe.**

With ACS refilling chemicals is faster, cleaner and safer.

- More convenience: simple, straightforward cartridge replacement
- More quality: optimal dispensing is guaranteed as the system self-calibrates automatically and has a continuous self-monitoring and adjustment function
- More safety: safe handling of chemicals without spillage
- More time: cartridge replacement takes no more than two minutes

“Do all car washes have to look the same?”

Design a more appealing car wash experience for your customers.

Customers know a special car wash when they see it – by the appealing look and its modern design. The SoftCare Evo provides a visual experience that continues even during the wash programme – it will surprise both you and your customers.

The great thing about having a modern design is that not only does it look nice, it also pays off for you: experience has shown that customers are willing to pay higher prices for high-quality products and services that also look good.

Ideas for your unique appearance.

StarTrack guide rails:

Attractive markers leading into the car wash gantry.

The innovative StarTrack guide rails light up to show your customers the way into the gantry. The variable lighting pattern and change of colour based on the process (drive-in, positioning, wash programme start) allow the customer to see immediately when the car is in the correct position, for example. The LED lighting of the guide rails creates a unique lighting ambiance during the car wash process.

SoftCare Evo designs: Premium at first glance.

There are a number of different design variants, lighting and display elements you can use to design your system. Select one of WashTec's appealing designs or adapt your system in colour and motif to suit your company's brand. Machines can be ordered in almost every RAL colour.

Perfect dimensions to maximise your business.

Adapt your SoftCare Evo system to suit the height of your car wash area. You can choose between five washing heights ranging from 2.25 m and 2.90 m – perfect dimensions for modern vehicles. The standard width is 2.38 m.
